Venice is a city in Italy, best known today for the many waterways which criss-cross through it. It has developed a romantic reputation built upon by countless movies, and thanks to one startling horror film has also evolved a darker atmosphere. The city has a history dating from the sixth century, and once wasn't just a city in a larger state: Venice was once one of the greatest trading powers in European history.

A BRIEF HISTORY OF VENICE, ITALY. By Tim Lambert. Venice in the Middle Ages. According to tradition Venice was founded in 421 AD. At that time a Celtic people called the Veneti lived along the coast of what is now Northeast Italy. Since 49 BC they had been Roman citizens. However, in 453 Attila the Hun invaded Italy.

*A BRIEF HISTORY OF VENICE, ITALY - Local Histories*

A Brief History of Venice... In the I century BC, Venetia indicated a region governed by the Roman Empire and included the current Veneto, Istria, Trentino and Friuli regions. When the Lombards came to Northern Italy in 568, the population fled towards the Adriatic coast and the islands to escape them.

*A Brief History of Venice - Venice Travel Guide*

The Republic of Venice was founded in 697, after the decline of the Roman empire, by people escaping from Germanic invasions. People fled from the mainland to the small islands in the lagoon, which were difficult to reach and easy to defend. Since then, the Republic lasted more than a millennium until 1797.

*A BRIEF HISTORY OF VENICE - Venice by Venetians*

According to tradition, Venice was founded in 421 AD on April 25th, St. Mark's Day (St. Mark is now the patron saint of Venice) when to escape the Barbarian invasions, refugees from the Veneto took shelter in the Lagoon. At that time the most important village in the lagoon was Torcello, where a cathedral was built in 639.

*A Brief History of Venice | Venice Travel*

Everyone is aware of the beauty of Venice. But very few know its history and memorable events that molded the city to what it is today. Venice has around 7000 chimneys in 10 distinct styles and shapes, and approximately 170 bell towers, of which San Marco is the tallest. Venice lies on the north-east coast of Italy, and is the capital of Veneto.

A Brief History of Venice. Venice grew out of the swamps of Italy and became one of the great mercantile and cultural centers of the world. Elizabeth Horodowich, one of the leading historians of the city, tells the whole story, showing that Venice, alongside Florence and Rome, was one of the great Renaissance capitals.

*A Brief History of Venice by Elizabeth Horodowich*

Venice - Venice - History: Uniquely among Italy's chief cities, Venice came into being after the fall of the Roman Empire in the West. The Lombard hordes, whose incursions into northern Italy began in ad 568, drove great numbers of mainlanders onto the islands of the lagoon, previously the homes of itinerant fishermen and salt workers.

*Venice - History | Britannica*

The festival supposedly began in 1162, in celebration of Venice's victory over Aquileia. However, mask-wearing in the Venetian lagoon could go back as far as the 9th century. It's a time when the rigid social hierarchy is softened, processions and plays come into town and music, dancing and debaucherous activity takes over the streets.

The first International Art Exhibition of the City of Venice was mounted to celebrate the silver wedding anniversary of King Umberto of Italy and Margherita of Savoy in 1895. It drew considerable tourist crowds, not least because Giacomo Grosso's salacious painting of five nude women writhing over their lover's coffin incurred the wrath of the church.

A Brief History of Venice focuses on the city from an observers point of view. The reader is taken through the significant events that shaped the city throughout its 1,500 years. From this perspective, brevity does not result in a lack of thoroughness.

In this colourful new history of Venice, Elizabeth Horodowich, one of the leading experts on Venice, tells the story of the place from its ancient origins, and its early days as a multicultural trading city where Christians, Jews and Muslims lived together at the crossroads between East and West. She explores the often overlooked role of Venice, alongside Florence and Rome, as one of the principal Renaissance capitals. Now, as the resident population falls and the number of tourists grows, as brash new advertisements disfigure the ancient buildings, she looks at the threat from the rising water level and the future of one of the great wonders of the world.

An incisive account of the history of the Venetian Republic chronicles its fifth-century origins, development as a commercial and maritime power, Renaissance era, long decline, and termination in 1797

An extraordinary chronicle of Venice, its people, and its grandeur Thomas Madden's majestic, sprawling history of Venice is the first full portrait of the city in English in almost thirty years. Using long-buried archival material and a wealth of newly translated documents, Madden weaves a spellbinding story of a place and its people, tracing an arc from the city's humble origins as a lagoon refuge to its apex as a vast maritime empire and Renaissance epicenter to its rebirth as a modern tourist hub. Madden explores all aspects of Venice's breathtaking achievements: the construction of its unparalleled navy, its role as an economic powerhouse and birthplace of capitalism, its popularization of opera, the stunning architecture of its watery environs, and more. He sets these in the context of the rise and fall of the Byzantine Empire, the endless waves of Crusades to the Holy Land, and the awesome power of Turkish sultans. And perhaps most critically, Madden corrects the stereotype of Shakespeare's money-lending Shylock that has distorted the Venetian character, uncovering instead a much more complex and fascinating story, peopled by men and women whose ingenuity and deep faith profoundly altered the course of civilization.

Bembo (1470-1547), a Venetian nobleman, later a Roman Catholic cardinal, was the most celebrated Latin stylist of his day and was widely admired for his writings in Italian. The History of Venice was published posthumously, in Latin and in his own Italian version. This edition makes it available for the first time in English translation.

Lane, who specialized in medieval Venetian history.

The children's version of the #1 New York Times bestselling classic *Seriously, Just Go to Sleep* is the G-rated, child-friendly version of the book every parent has been talking about. *Go the F\*\*\* to Sleep*, the picture book for adults, became a cultural sensation by striking a universal chord for parents. Now, Adam Mansbach and Ricardo Cortés reunite with *Seriously, Just Go to Sleep*, inviting the children themselves in on the joke. Of course, kids are well aware of how difficult they can be at bedtime. With Mansbach's new child-appropriate narrative, kids will recognize their tactics, giggle at their own mischievousness, and empathize with their parents' struggles--a perspective most children's books don't capture. Most importantly, it provides a common ground for children and their parents to talk about one of their most stressful daily rituals. This fresh rendition includes Cortés's updated illustrations, with a cameo appearance by Samuel L. Jackson, who narrated the audio book version of *Go the F\*\*\* to Sleep*. This is a fixed-format ebook, which preserves the design and layout of the original print book.

This book is a sweeping historical portrait of the floating city of Venice from its foundations to the present day. Joanne M. Ferraro considers Venice's unique construction within an amphibious environment and identifies the Asian, European and North African exchange networks that made it a vibrant and ethnically diverse Mediterranean cultural centre. Incorporating recent scholarly insights, the author discusses key themes related to the city's social, cultural, religious and environmental history, as well as its politics and economy. A refuge and a pilgrim stop; an international emporium and centre of manufacture; a mecca of spectacle, theatre, music, gambling and sexual experimentation; and an artistic and architectural marvel, Venice's allure springs eternal in every phase of the city's fascinating history.

An inspector rages against the announcement that police HQ is to relocate – the way so many of the city’s residents already have – to the mainland... An aspiring author struggles with the inexorable creep of rentalisation that has forced him to share his apartment, and life, with ‘global pilgrims’... An ageing painter rails against the liberties taken by tourists, but finds his anger undermined by his own childhood memories of the place... The Venice presented in these stories is a far cry from the ‘impossibly beautiful’, frozen-in-time city so familiar to the thousands who flock there every year – a city about which, Henry James once wrote, ‘there is nothing new to be said.’ Instead, they represent the other Venice, the one tourists rarely see: the real, everyday city that Venetians have to live and work in. Rather than a city in stasis, we see it at a crossroads, fighting to regain its radical, working-class soul, regretting the policies that have seen it turn slowly into a theme park, and taking the pandemic as an opportunity to rethink what kind of city it wants to be.

Overzicht van de Venetiaanse architectuur, vanaf de stichting in de Romeinse tijd tot nu.
