A Tale of Two Cultures is an informative read for social scientists, especially those who find themselves specialized in one culture of research instead of the other (which of course) is most of us. If one is absent a background in either culture, Goertz and Mahoney provide clear examples to illustrate their arguments.

A Tale of Two Cultures: Qualitative and Quantitative ...

In *A Tale of Two Cultures*, Gary Goertz and James Mahoney demonstrate that these two paradigms constitute different cultures, each internally coherent yet marked by contrasting norms, practices, and toolkits. They identify and discuss major differences between these two traditions that touch nearly every aspect of social science research, including design, goals, causal effects and models, concepts and measurement, data analysis, and case selection.

A Tale of Two Cultures | Princeton University Press

Comprehensive culture. Understanding and experiencing one another's roles led to valuing others' potential contributions. "[P]erhaps from walking in shoes of other persons there would be greater collegiality." (Interview 4) With recognition of the valuable role of both generalists and specialists, efforts were made to socialize learners in both cultures. One participant described it as being "like when you go to church or Sunday school, you learn what's expected behaviour in that ...

A tale of two cultures

We prefer to think of the two traditions as alternative cultures. Each has its own values, beliefs, and norms. Each is sometimes privately suspicious or skeptical of the other though usually more publicly polite. Communication across traditions tends to be dif?cult and marked by misunderstanding. When members of one tradition offer their insights to

He who also learns from fools." The Talmud Synopsis: One of the developments in policing that is significant in creating a more just society

A TALE OF TWO CULTURES— David Canter

...to understand the historical and cultural context of A Tale of Two Cities to understand the complexity that has been woven through it by Charles Dickens. Understanding the cultural context is extremely essential to understanding the ideas of enlightenment that are shown throughout the novel, ideas of enlightenment are held in tension by Dickens when he creates a paradox and help the readers to understand the action and conviction of his characters.

A Tale of Two Cultures Essay—360 Words

In *A Tale of Two Cultures*, Gary Goertz and James Mahoney argue that qualitative and quantitative methods constitute different cultures, each internally coherent yet marked by contrasting norms, practices, and toolkits. The authors seek to promote toleration, exchange, and learning by aiming to enable scholars to think beyond their own culture and see an alternative scientific worldview.

The Two Cultures—Wikipedia

In *A Tale of Two Cultures*, Gary Goertz and James Mahoney demonstrate that these two paradigms constitute different cultures, each internally coherent yet marked by contrasting norms, practices, and toolkits. They identify and discuss major differences between these two traditions that touch nearly every aspect of social science research, including design, goals, causal effects and models, concepts and measurement, data analysis, and case selection.

A Tale of Two Cultures: Qualitative and Quantitative ...

Scholars working in the two cultures employ different approaches to issues of conceptualization and measurement. Some of these differences are not particularly surprising. Qualitative scholars have long, involved, "wordy" discussions about the meaning of concepts.

A Tale of Two Cultures: Qualitative and Quantitative ...

A Tale of Two Cultures Values matter. They drive, shape, and constrain behavior. In this paper, I want to examine a particularly intriguing interplay of two different—sometimes complementary, sometimes conflicting—clusters of values that play major roles in social entrepreneurship. We can think of these clusters as two cultures, two value systems.
