Welcome to CCENT CCNA ICND1 100-105 Pearson uCertify Labs CCENT ICND1 100-105 Network Simulator, Academic Edition Pearson uCertify Labs is an online, hands-on skills enhancement tool that helps students gain the real-world configuration and troubleshooting skills they need to succeed on the Cisco CCENT ICND1 exam and to land a job as a network engineer. The 290+ labs in this product cover the full range of Cisco CCENT ICND1 100-105 exam configuration and troubleshooting topics. These best-selling labs help bridge the gap between conceptual knowledge and real-world application by providing competency-based, interactive, online, 24x7 training. The labs simulate real-world networking hardware that you configure and troubleshoot using the Cisco Command Line Interface (CLI). Working through the labs, you will quickly become proficient with all the common Cisco IOS version 15 router and switch commands on the CCENT ICND1 exam. The open command environment allows you to explore configurations beyond the lab steps. uCertify Labs build upon the same great platform benefits and flexibility that have become synonymous with the uCertify Courses. Students can feel safe working in this virtual environment resolving real-world networking problems. You can plan your studies using Study Planner and view detailed performance reports to verify your work.
