Children The Challenge Rudolf Dreikurs

The Challenge in parenting, as presented by Rudolf Dreikurs, is democracy. Whereas previous societies were built on hierarchies the current (American) society is founded on egalitarian ideals. This has created problems in the family because children know-at least subconsciously-that they are "equal" with adults; so why should they comply with an adult's wishes.

DREIKURS, M.D. & VICKI ...

Rudolf Dreikurs was an Austrian psychiatrist and educator who developed psychologist Alfred Adler's system of individual psychology into a pragmatic method for understanding the purposes of reprehensible behaviour in children and for stimulating cooperative behaviour without punishment or reward. He suggested that human misbehavior is the result of feeling a lack of belonging to one's social group. When this happens the child acts from one of four "mistaken goals": undue attention, power, reveng
