Yet as different as he was, you will learn in Confessions of a Wall Street Whiz Kid that Peter was also just like so many of us who have battled anxiety, depression, panic attacks, and even thoughts of suicide or more. He's so different in some ways yet so alike in many others. Though Peter's story is unique, it's common.

Confessions of a Wall Street Insider [1.33 MB]

Confessions of a Wall Street Whiz Kid is a thought-provoking, real-life story of the ups and downs and ups again of one of Wall Street's "half-famous" financial geniuses, Peter Grandich. In 1987, at the tender age of 31, this high school drop-out was dubbed "The Wall Street Whiz Kid" by Good Morning America after accurately predicting the Black Monday stock market crash.

Here is the true story of a top Wall Street player's transformation from a straight-arrow believer to a jaded cynic, who reveals how Wall Street's insider game is really played. Dan Reingold was a top Wall Street analyst for fourteen years and Salomon Smith Barney analyst Jack Grubman's chief competitor in the red-hot sector of telecom. Reingold was part of the "Street" and believed in it. But in this action-packed, highly personal memoir written with accomplished Fast Company senior writer Jennifer Reingold the author describes how his enthusiasm gave way to disgust as he learned how deeply corrupted Wall Street and much of corporate America had become during the roaring stock market bubble of the 1990s. Confessions of a Wall Street Analyst provides a front-row seat at one of the most dramatic -- and ultimately tragic -- periods in financial history. Reingold recounts his introduction to the world of Wall Street leaks and secret deal-making; his experiences with corporate fraud; and Wall Street's alarming penchant for lavish spending and multimillion-dollar pay packages. Reingold spars with arch rival Grubman; fends off intense pressures from Wall Street bankers and corporate CEOs; and is wooed by Morgan Stanley's CEO, John Mack, and CSFB's über-banker Frank Quattrone. Reingold describes instances in which confidential deals are whispered days before their official announcement. He recalls the moment he learns that Bernie Ebbers's WorldCom was massively cooking its books. And he is shocked to have been an unwitting catalyst for a series of sexually explicit e-mails that would rock Wall Street; bring Jack Grubman to his knees; and contribute to the stepping aside of Grubman's boss, Citigroup CEO Sandy Weill. Some of Reingold's stories are outrageous, others hilarious, and many are simply absurd. But, together, they provide a sobering exposé of Wall Street: a jungle of greed and ego, a place brimming with conflicts and inside information, and a business absurdly out of touch with the Main Street it claims to serve. He shows how government investigators, headlines notwithstanding, never got to the heart of the ethical and legal transgressions of the era. And how they completely overlooked Wall Street's pervasive use of inside information, leaving investors -- even sophisticated professionals -- cheated. The book ends with a series of important policy recommendations to clean up the investing business. In the tradition of Liar's Poker and Den of Thieves, Confessions of a Wall Street Analyst is a no-holds-barred insider's account that will open the eyes of every investor.

A tour of Wall Street in the tradition of Liar's Poker also traces the life and career of the author, the co-founder of TheStreet.com and Smart Money magazine, from his Philadelphia childhood through his exploits as a financial journalist. Reprint. 60,000 first printing.

Although he was a suburban husband and father, living a far different life than the "Wolf of Wall Street," Michael Kimelman had a good run as the cofounder of a hedge fund. He had left a cushy yet suffocating job at a law firm to try his hand at the high-risk life of a proprietary trader

and he did pretty well for himself. But it all came crashing down in the wee hours of November 5, 2009, when the Feds came to his door—almost taking the door off its hinges. While his wife and children were sequestered to a bedroom, Kimelman was marched off in embarrassment in view of his neighbors and TV crews who had been alerted in advance. He was arrested as part of a huge insider trading case, and while he was offered a “sweetheart” no-jail probation plea, he refused, maintaining his innocence. The lion’s share of *Confessions of a Wall Street Insider* was written while Kimelman was an inmate at Lewisburg Penitentiary. In nearly two years behind bars, he reflected on his experiences before incarceration—rubbing elbows and throwing back far too many cocktails with financial titans and major figures in sports and entertainment (including Leonardo DiCaprio, Alex Rodriguez, Ben Bernanke, and Alan Greenspan, to drop a few names); making and losing hundreds of thousands of dollars in daily gambles on the Street; getting involved with the wrong people, who eventually turned on him; realizing that none of that mattered in the end. As he writes: “Stripped of family, friends, time, and humanity, if there’s ever a place to give one pause, it’s prison . . . Tomorrow is promised to no one.” In *Confessions of a Wall Street Insider*, he reveals the triumphs, pains, and struggles, and how, in the end, it just might have made him a better person. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Confessions of a Wall Street Whiz Kid is a thought-provoking, real-life story of the ups and downs and ups again of one of Wall Street's "half-famous" financial geniuses, Peter Grandich. In 1987, at the tender age of 31, this high school drop-out was dubbed "The Wall Street Whiz Kid" by Good Morning America after accurately predicting the Black Monday stock market crash. He has since made so many stunningly-accurate market calls and financial predictions that he may well go down as the Madam Marie of the economic world. As a result, his daily financial blog has become one of the most popular on the web. In this light, witty and painfully honest autobiography, Grandich shares his thoughts about the accumulation of wealth and the hidden flaws of traditional financial planning. He exposes some of the dirty business of Wall Street and takes readers on a journey through his battles against panic attacks, suicide attempts and depression, and he shares how his faith not only helped him regain the will to live, but acts as the foundation for his financial beliefs. A contrarian by nature, Grandich also explains what he sees as the next great threat to the US - not terrorism or bio-warfare, but an economic time bomb of unprecedented proportion. *Confessions of a Wall Street Whiz Kid* is just that: a complete divulgence of matters of life, health, wealth-and, of course, the ins and outs of Wall Street.

Brazilian-born Gil is trying to find the American Dream. In the meantime, he polishes the shoes of the superrich and powerful on Wall Street—high-rolling traders as uninhibited as they are ruthless. Gil sees things as few other people do—from the ground up—and his perspective

on the day-to-day insanity of the trading floor is priceless. But this fly on the wall overhears one or two things that maybe he shouldn't. And when a Glossy magazine journalist, desperate for a big break, persuades him to be an undercover source for what may be the biggest insider trading scam in Wall Street history, Gil is catapulted into a danger zone darker than anything he or the journalist could have imagined.

From the tranquility of an Oriental monastery to the tumult of the New York Stock Exchange, the hero of this amazing novel embarks on a quest for a father, a fortune, and the ultimate essence of the universe. The illegitimate son of a Chinese woman and an American officer, he was reared as an orphan by Taoist monks. When he learns that his father may be a wealthy Wall Street entrepreneur, he feels compelled to go to New York. His efforts to reconcile his two lives -- to find the Tao in the Dow -- make a story rich in character, wit, and insight.
