## **Recommender system - Wikipedia**

Collaborative  
filtering (CF)  
is a technique  
used by  
recommender  
systems.

Collaborative  
filtering has

# Get Free Context Aware

two senses, a narrow one and a more general one. In the newer, narrower sense, collaborative filtering is a method of making automatic predictions (filtering) about the interests of a

# Get Free Context Aware

Music  
user by  
collecting  
preferences or  
taste  
information from  
many users  
(collaborating).
