Expansion of the treatment of intonation, including new recordings; and two new readings by David Crystal and John Wells. Written by authors who are experienced teachers and researchers, this best-selling textbook will appeal to all students of English language and

Get Free English Phonetics And Phonology Fourth

linguistics and those training for a certificate in TEFL.

A complete basic course in English phonetics and phonology which combines academic material with practical exercises, both written and recorded. Since the publication of the

Get Free English Phonetics And Phonology Fourth

edition in 1983, this course has established itself as the most practical, comprehensive text in the field and become widely used in many parts of the world in universities and other institutions of higher education. It is used by both native and non-native speakers alike,

Get Free English Phonetics And Phonology Fourth

and is suitable for those training to teach English as well as those studying the language at an advanced level. This new edition takes into account recent developments in the teaching of phonology. It includes updated references, fuller coverage of

Get Free English Phonetics And Phonology Fourth

edition, and a new chapter on different varieties of English with illustrative recorded material. English Phonetics and Phonology bridges the gap between simple pronunciation handbooks and technical phonetics and phonology textbooks. It presents the basic factual material and crucial

Get Free English Phonetics And Phonology Fourth

edition theoretical issues in a practical and readable way. At the end of each chapter there are notes giving information on further reading, discussion of the more challenging issues, written exercises and, where appropriate, suggestions for teachers. In addition the audio CDs include

Get Free English Phonetics And Phonology Fourth

Edition recorded exercises for every chapter which are particularly helpful for non-native speakers. A full answer key is available at the back of the book. Additional exercises and other supporting material are available online.

Get Free English Phonetics And Phonology Fourth

Edition This book examines some of the ways in which linguists can express what native speakers know about the sound system of their language. Intended for the absolute beginner, it requires no previous background in linguistics, phonetics or phonology. Starting with a grounding in

Get Free English Phonetics And Phonology Fourth

phonetics and phonological theory, the book provides a base from which more advanced treatments may be approached. It begins with an examination of the foundations of articulatory and acoustic phonetics, moves on to the basic principles of phonology, and ends with an outline

Get Free English Phonetics And Phonology Fourth

Edition of some further issues within contemporary phonology. Varieties of English, particularly Received Pronunciation and General American, form the focus of consideration, but aspects of the phonetics and phonology of other languages are discussed as well. This new edition

Get Free English Phonetics And Phonology Fourth

Edition includes more discussion of Optimality Theory and a new glossary of terms. It has been updated throughout to take account of the latest developments in phonological theory, but without sacrificing the book's ease of use for beginners.

Get Free English Phonetics And Phonology Fourth Edition
