Domestic/ Intimate Partner Violence – Advocacy Center

Domestic violence (also called intimate partner violence, domestic abuse or relationship abuse) refers to behaviors used by one person to exert power and control over another person. This type of abuse can occur among different gender or same gender couples and doesn't require sexual intimacy. Learn more about how to tell if it's abuse from the National Domestic Violence Hotline.

Domestic violence, or intimate partner violence, is a pattern of abusive behaviors (or tactics) that are used to hurt, intimidate, frighten, and ultimately control an intimate partner. Abusers may use physical, sexual, and psychological attacks, and tactics such as economic abuse, isolation, and blame to gain or maintain control over their partner.

Download Free Intimate Partner Violence And Advocate Response Redefining Love Violence . . . Belize The Anthropology Of Well

Intimate partner violence is a pattern of abusive behaviors based on power and control within an intimate relationship. Intimate partner violence, sometimes called domestic violence or dating violence, is not limited to heterosexual couples. It can happen in any type of relationship including people in short-term relationships, queer relationships, or polyamorous relationships.
