This book
provides an
overview of the
troubled process
of nation-

building in post-
colonial Kenya.

Despite

distinctive

features of the

Moi and Kenyatta

regimes, late

colonial period

continuity has

been the

dominant theme.

Different

aspects of this

continuity are

highlighted: the strength of the provincial administration, the central role of ethnicity in shaping political competition, the understanding of the state as a resource, and the ultimately incompatible

beliefs held by
different
communities
regarding how
power can be

exercised.

On December 12,

During its first

Kenya has
experienced
assassinations,
riots, coup

violence, and
political
corruption. The
ranks of the

them. Branch

Kenya's
prospects as a
