This rare book has been digitally re-edited from a facsimile reprint of the original. Much care and attention has been spent bringing the book back to its original glory. The scanning process always introduces errors but as far as we know we have managed to find the majority and fix them in this edition. If you are an Andrew Jackson Davis fan, or you are new to the author, then this is his masterpiece. This work was produced whilst he was under hypnosis and the gems therein come direct from the Fountain of Knowledge. Davis was a young uneducated man at the time of producing this book and its contents and style are far beyond anything he could have produced. He was a remarkable man, as you will find out from the Introduction.
