Sick of Hearing the Same Old Advice ? " Word Hard , Control your expenses , Credit Card is a " No , NO " Do not get into Debt !! Debunk all those assumptions that you will be Rich if you study hard and work hard . This Book is actually not one of those . " They don ' t teach you how to get rich at school, is all about the importance of money. The premise of the book clearly distinguishes the difference between the thinking of the rich and the poor. In essence, the only limitation between you and the rich is in your own mind, and achieving success lies in breaking these walls. At schools, you would have been stuck at algebra, Pythagorean Theorem, and organic chemistry but you never study financial planning, making money, or saving money. The book provides real-life examples to reprogram your thinking to that of the rich and wealthy. You can't just graduate and leave formal education and expect yourself to be financially well equipped. Many people think that having a good education is sufficient to the roads to acquire new wealth , well they can't be any more wrong! It is having the mindset of the wealthy that will make you rich. That is why many lotto winners who becomes instant millionaires loses most of their money because they don't have the proper mindset to maintain or grow their money. You ' ll discover why some of your money beliefs might be wrong and that could be holding you back , you need to consider what are the principles and what behaviors the rich have , that you do not have (Yet) Laura Maya takes this idea and breaks it into twelve chapters. You wouldn ' t find a recipe to turn rich overnight. Rather, the book provides a solid foundation for setting the psychological stage for strong financial habits. Another feature of They don ' t teach you how to get rich at school is the anecdotal referencens in the book. Laura likes to use lots of anecdotes to illustrate her points and she is quite good at it. For me, I found these references very apt to my observations in life. What ' s Inside They Don ' t Teach You How To Get Rich at School The book is divided into twelve chapters: Chapter 1: How you think about money really matters Chapter 2: They don ' t teach you how to be rich at school Chapter 3: Myth or Lies , Which is True Chapter 4: Learn How the Rich Think to Become Wealthy Chapter 5: Wealth Empowering Beliefs Chapter 6: Change Your Money Mindset with Neuro Linguistic Programming Chapter 7: Change Your Money Mindset with Hypnotherapy Chapter 8: Break free from Ego Chapter 9: Strategies for Improving Your Chances to get Rich Chapter 10:Let Money begets money Chapter 11:Developing your money making skill, mental, emotional and financial intelligence The premise of this book is straightforward — Rich people are programmed to think differently. Essentially, there are 18 ways in which rich people and poor people think differently. This chapter walks you through these 18 points clearly differentiating how rich and poor people think. Studying hard, getting nice grades, and getting a job is not enough to be rich. That ' s one lie which we have been fed with since our childhood. There is a difference between scholastic, professional and financial education. The book further analyzes the root cause of why you are not rich. It all boils down to your education. You were never taught about how to be rich at school. Forget that, you never even learned personal finance or how to handle money. It further touches upon how you can get smart with personal finance.

How do we equip the next generation with money management skills that they can carry forth into their adult lives?One of the most important lessons that you can teach your kids is how to handle their money. Unfortunately, for most parents, giving their kids a sound financial education is an afterthought at best.Frustrated by the lack of resources that apply the concept of finance to real life situations for his own children to learn from, author Walter Andal was inspired to create an informative and entertaining book to help children get on the right path to making smart personal financial decisions.In Finance 101 for Kids, children and parents will explore: How money started How to earn and make money Saving and investing What credit is and the dangers of mishandling credit What the stock market is Economic forces that can affect personal finance What currencies and foreign exchanges are The importance of giving back to the community And much, much more!

Tired of hearing you ' ll never be wealthy unless you sacrifice all the things that make you feel wealthy?
