Power Electronics is intended to be an introductory text in power electronics, primarily for the undergraduate electrical engineering student. The text is written for some flexibility in the order of the topics. Much of the text includes computer simulation using PSpice as a supplement to analytical circuit solution techniques.

Principles of Electrical Engineering Materials and Devices has been developed to bridge the gap between traditional electronic circuits texts and semiconductor texts

Inspired by his years as a clinical psychologist, first-time author, Dan Dylan, writes about the cycle of abuse in his novel, "Chameleon" (ISBN 1439234140). Adults interested in psychology, sociopathy, and the cyclical nature of child abuse should find this novel realistic and gripping. Retired FBI profiler John Foster, Ph.D., now a respected Chicago psychologist, has diagnosed and treated mental disorders throughout his career, but he finds himself seriously challenged by the diagnostic puzzle presented by suspected sociopath Eddie Vinson. Foster becomes snared in a lethal game of one-up-manship and must draw on his years of professional training and experience to anticipate Vinson's actions as he consults with law enforcement to bring him to justice. Foster's brief therapeutic contacts with Vinson yield a complex clinical picture, but there is sufficient evidence to indicate that Eddie Vinson was a victim of chronic parental neglect and repeated sexual abuse. Thus, "Chameleon" chronicles the evolution of a child victim to adult sociopath whose actions and distorted views of self and society perpetuate the cycle of abuse. "Incidents of abuse grab headlines and occur every minute of every day," Dylan said. "Neglect and abuse have consequences that impact us all. In the absence of treatment, some abused children can-and do-become abusive or violent adults." With more than 35 years of practice in clinical psychology, Dylan has witnessed the cycle of abuse firsthand, often spanning multiple generations, and in extreme cases, adult survivors of abuse pass on to their children the trauma of their own victimization. Using fiction as his medium, Dylan shares with his readers one psychologist's perspective of child abuse and its ramifications.

"Love your neighbor like yourself" is a divine recommendation which too often takes just the opposite way in the midst of the human community. Unfortunately, this fact is observed across every race and religion in this earth. At different levels of course, we tend to behave like crabs toward our fellow men. It means that we are hypocrites, wicked, envious, insincere, jealous, hateful; all this, just for selfish reasons. Let us love one another like he has loved us. This is the key to peaceful and loving cohabitation. This is the antidote against this social and spiritual cancer.

Having a companion is one of the fundamental components in life. With your companion, life becomes more complete and fulfilling. This first of two books is written to encourage you, through an inward journey of deep self-reflection, to offer you a more clear perspective of who you have become. By being objective about your strengths, weaknesses, and understanding how you have come to be the way you are, you can better enter a relationship knowing what you are offering your partner as well as what you are looking for in a relationship. Through this objective approach to relationship building, you can create a stronger foundation in your current as well as future relationships.

It is shame that the modern world have lost the edge when it comes to the power of prayer. Prayer is so powerful that in the hand of a righteous person, that a man like us named Elijah prayed earnestly that it will not rain and it did not rain for three and half year. And to show how effective prayer can be, he prayed again and the heavens gave rain. The bible shows us time and time again how the less powerful have used prayer to conquer their adversaries. Our Lord and savior, Jesus Christ told us Mathew 17:20, "I tell you the truth, if you have faith as small as a mustard seed, you can say to this mountain, 'Move from here to there' and it will move. Nothing will be impossible for you. Why will Jesus give us such an assurance? It is because, the weapon we fight with are not the weapons of the sinful world, we the children of God use divine power of God to tear down the strong hold of the evil one. So we must continue to pray even when you think your answers are not coming as quickly as you wanted. Remember when Martha and Mary send a message to Jesus that Lazarus is sick," his sisters sent unto him, saying, Lord, behold, he whom thou lovest is sick" even though the answer took two days to get to the sisters. The most important thing is that Jesus was called and that is when action was put in process and they did not put their request on the righteousness of Lazarus or his status in the ministry or how hard he works or even what he has given to the Church. The appeal was based on the love of Jesus Christ. "The one whom you love is sick," that is our clue; we must always focus our prayers on the love of God. We also have the confidence that God will answer our prayers if they are in agreement with His will. So I know that anything I ask that is according to His will be answered no matter how sinful the person praying may be. Even though we don't always get yes, but His answer are always in our best interest. And we don't have to follow any secret incantation before praying or offer some unnecessary repetition while praying. And the eloquence of our prayer will not make God answer our prayer. That is why in Matthew 6:7-8, Jesus rebukes those who pray using repetitions, "And when you pray, do not keep on babbling like pagans, for they think they will be heard because of their many words. Do not be like them, for your Father knows what you need before you ask him." "The Word of God is full of accounts describing the power of prayer in various situations. The power of prayer has overcome enemies (Psalm 6:9-10), conquered death (2 Kings 4:3-36), brought healing (James 5:14-15), and defeated demons (Mark 9:29). God, through prayer, opens eyes, changes hearts, heals wounds, and grants wisdom (James 1:5). The power of prayer should never be underestimated because it draws on the glory and might of the infinitely powerful God of the universe! Daniel 4:35 proclaims, "All the peoples of the earth are regarded as nothing. He does as he pleases with the powers of heaven and the peoples of the earth. No one can hold back his hand or say to him: 'What have you done?'" So pray and God who loves you first will answer your prayers.

Suddenly, a plethora of thoughts and memories raced through my mind; my childhood, my parents, my friends, but most of all someone whom I hadn't seen in many years.

Documenting Danny Marianino's days as a metalhead from childhood into adulthood, Don't Ever Punch a Rockstar somehow rationalizes playing in a few hardcore/punk bands, touring, fighting, drinking, internet bullying, celebrity encounters, satanic curses, house fires, harassment and collecting an immeasurable amount of hate mail from some of the most illiterate human beings the world has to offer. Though Oprah will never add this into her book club, it's still a good lesson in accepting the negative with a laugh and gaining a new sense of temperance and humility. At the very least I will entertain you with a campy memoir and a detailed eye-opening account of the chaos that followed the infamous event that VH1 called one of the Most Shocking Moments in Rock and Roll. This is by no means the same old autobiography that you have read before. Don't Ever Punch a Rockstar combine elements of Get in The Van, Emails from an Asshole and Shit My Dad Says all in one hot mess of a story. Praise for the book - "Danny Marianino's Never Punch A Rockstar is a sock in the jaw to punk/metal scene conformity, and it hurts so good! Final score: North Side Kings 2, Danzig, 0." - STEVEN BLUSH, author/filmmaker, American Hardcore "As trenchant, sometimes funny, insightful and shocking as a punch in the face. WHICH is incidentally what started this whole ball rolling. A pretty potent look into the power of image and the punching of the face of arguably a legend of, well, face punching, Glenn Danzig, and the ensuing firestorm that followed. I'd give it 5 black eyes." -- EUGENE S. ROBINSON, singer for Oxbow & author of FIGHT: Everything You Ever Wanted to Know About Ass Kicking But Were Afraid You'd Get Your Ass Kicked For Asking "With Don't Ever Punch a Rock Star author Danny Marianino has written an entertaining, humorous and humble autobiography. The often times laugh-out-loud recollections of Danny's life up to and following the infamous run-in with the drama-queen of dark metal is more than engaging and, with the inclusion of hate mail, zany rumors, message board threats and internet tough guys, you're sure to get a good giggle while learning what truly transpired that fateful night in Tuba City." - DUSTIN LAVALLEY, author of Spinner "As we have always said on the streets of NY - don't start none -there wont be none - and if you do, at least keep your hands up and guard your grill. Way to K.O. rock star attitudes Danny Boy!" - John Joseph author of The Evolution of a Cro-Magnon and Meat is For Pussies
