Shares new documents to expose the sinister alien influence in world governments, financial systems, and scientific institutions throughout history • Shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens authority to abduct humans for "research" • Reveals how Reptilian-influenced ex-Nazis infiltrated the U.S. government • Explains how the Reptilians have created alien-human hybrids under their control to replace the human population Long ago, the Galactic Federation sent the Atlans, a fierce group of humans from the Pleiades, to Earth to confront the newest colony of the combative ever-spreading alien race known as the Reptilians. The ensuing battle sank the continent of Lemuria and drove the Reptilians underground beneath the Indian subcontinent as well as to Antarctica. Able to shapeshift to appear human, the Reptilians then infiltrated the Atlantean civilization, abducting humans and creating Reptilian hybrids. As Len Kasten shows, this technique of infiltration and hybridization prior to an all-out attack has been the hallmark of Reptilian conquest throughout the galaxy. Chronicling the history of the Reptilian Empire's influence on Earth and their conquest of 21 star systems, Kasten reveals how the human race is enmeshed in a skillfully concealed plot to enslave humanity and exploit our planet's physical and biological resources. Revealing Hitler's pact with extraterrestrials and the

Reptilian influence on the Nazi state, he shares new documents that disclose the rescue and rehabilitation of Nazi war criminals to assist in the Cold War, which then corrupted many U.S. government institutions. Focusing on crucial events in the decade after World War II, he examines the Reptilians' human allies, the Illuminati, who control the levers of financial, technological, and military power throughout the world through various secret societies. He shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens permission to take humans up to their spaceships, ostensibly for genetic study--in return for alien technology--and how these abductions led to the creation of a hybrid race under Reptilian mind control. He also explains how Kennedy was assassinated by the CIA because of his plans to rout out this Nazi-Reptilian presence. Contrasting the Reptilians with the benevolent Ebens, the aliens from Zeta Reticuli who crashed at Roswell, Kasten exposes the stealthy tactics of the Reptilians, their relationship with the Greys, and their advanced genetic bio-technology and teleportation abilities--as well as what we need to do to defeat their plans.

Where the bloodlines of the Nephilim leave off, the real story just begins. Or does it go back even further than that? The very real probability that non-human intelligences visited and even copulated with primordial humans is detailed in civilization's most ancient cultural and religious records. These historical records further reveal that these intelligences were reptilian in nature—or, at the very least, have been represented throughout human history in reptilian form. From the Serpent, Nawcash, in the Garden of Eden; Atum, the Egyptian snake-man; and Quetzalcoatl, the feathered serpent god of the Mayans to the double-helix snake symbol of Enki/Ea in ancient Sumerian literature, the serpent has been the omnipresent link between humans and the gods in every culture. In *The Secret History of the Reptilians*, Scott Alan Roberts investigates and examines the pervasive presence of the serpent in human history, religion, culture, and politics. Are we the product of an extraterrestrial race that moves and breathes—and even breeds—beneath the surface of all of human history? Put on your thinking cap and take an historical, anthropological, archaeological plunge into the heady waters of extraterrestrial origins.

Can you look at being's face that doesn't look anything like you and say you don't judge its looks? I did ... and it started the beginning of where this book will lead you. This is a fantastic and beautiful full color book of art and pictures, along with a true story of the author's contact with some unusual metaphysical teachers. Teachers that were from another area of the universe that taught her what she teaches people today. The art was drawn by a talented self-taught artist who had to take nearly a year to be trained, along with their help, to do remote viewing, among other things, in order to be able to draw the art in this story with as much precision as possible. The art shows their species, their occupations, a UFO along with their city and planet - making this true story come alive because of it. The cover is only the beginning of what you'll discover inside.

Discover who the aliens are - the benevolent ones and those who mean us harm - and what they want from us. Here is the ultimate field guide to the 82 extraterrestrial species that populate the universe. Fully illustrated throughout. This is the ultimate field guide to the 82 extraterrestrial species that populate the universe. ET enthusiast Craig Campobasso explores the origins, physical characteristics, technological and consciousness abilities, dimensional capacities, belief systems, and cosmic agendas of each of the species. The species fall into two categories: 1) benevolent races, which function as the guardians of humanity, whose goals include helping people overcome duality, healing, and protecting; and 2) malevolent races, which are responsible for abductions, cloning, and ultimately domination. This intergalactic expose will entertain all those interested in UFOs, aliens, ETs. Sci-fi and fantasy fans of the Marvel universe; Star Trek, Star Wars, and other popular TV shows like *Ancient Aliens*; Roswell, and *Project Blue Book* are prime targets for this book that delves deep into who the real extraterrestrials are and what they want with the people of Earth.

A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India and China. Who were these reptilian creatures? What was the real reason for man's creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nephilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didn't Adam and Eve wear clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery, flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all.

The Reptilians or Reptoids alien race (which is a word mixed from reptilians and humanoids and are the same creature) are human looking lizard creatures that can shape shift. They are also known as dinosauroids, lizardfolk, lizardmen Saurians alpha draconians, and Sauroids. Reptilians are tall, around 7 to 9 feet, have green scaly skin, three long fingers and an opposable thumb with talons on the ends, holes for ears, muscular legs and arms, and large eyes. There have been reports of Reptilians with and without tails, with and without wings, and hidden genitalia. They have been sighted wearing very little clothes except for armor but are always seen with some sort of utility belt said to be used to help them become invisible. Reptilians are a very dangerous alien species that are bent on the domination of Earth. They are very intelligent, known as evil, have telekinetic powers and have a warlike mentality that has driven them to secretly incorporate themselves into our society for their cause. Some conspiracy theories suspect that many important leaders are actually Reptilians acting as humans in order to help them with their agenda. There are a few different theories as to where the Reptilians actually come from. Some say that they were here on Earth before us humans and live in secret underground, in various caverns around the world while others believe that they are from the Alpha Draconi star system of the Orion Constellation or both. The Reptilians have been around since the beginning of man kind and have been thought to have given the human race much of its early technology, helped build the pyramids, worked with the Mayans, and helped start early religions pretending to be Gods and manipulating Adam and Eve in the Bible (While dealing with the story of the Garden of Eden, the Midrash also deals with the serpent. It declares that before causing Adam and Eve to sin, "it had legs" (Bereishit Rabbah, 19). According to this, the serpent was once a tall, splendid and regal creature. When its fate was decided and it is written that "upon thy belly shall thou go" (Bereishit 3:14), "the ministering angels descended and cut off its arms and legs" (Bereishit Rabbah, 20). This tradition

gives the image of the enticing serpent an impressive dimension, that has repercussions on many viewpoints of the ancient world, which saw the serpent as representing forces of evil on one hand and as possessing supernatural powers on the other hand.). Unfortunately their final goal is to eventually enslave the human race in the "New World Order" and use humans for mining and other physical tasks when the time is right. Out of all the different types of aliens visiting Earth the Reptilians are by far the most dangerous to our very existence as humans. They have very little respect for us and want the Earth for themselves. Some say that the greys have been working against the Reptilians in order to help the human race but it is unclear why. They may have a similar agenda and just don't want the reptilians to acquire the Earth before them.
