Tax Policy Design and Behavioural Microsimulation ... through a detailed examination of the behavioural insights for tax and benefit policy. We focus on four aspects of tax and benefit policy: (1) raising revenues efficiently and minimising economic distortions; (2) policies to "correct" behaviour; (3) redistribution of income; and (4) minimising fraud and error.

Tax and benefit policy: insights from behavioural economics
Some recent evidence has come from policy trials looking at the impact of "nudges" which relate to aspects of tax policy. For example, HMRC and the Behavioural Insights Team at the
