Everyone has desires placed on their hearts. Whether it ' s succeeding at work, losing weight, completing education, or improving key relationships, the list goes on and on. To fulfill these desires, we tend to employ familiar tools that have worked for us in the past. But then life throws us a curveball—a job loss, relationship troubles, or a global pandemic—and we get stuck. We have to search for new ways and new tools to adjust to these changes. Linda Wawrzyniak knows the enormous impact even the smallest adjustments can have on improving performance and increasing overall confidence and contentment. As a consultant and educator for Major League Baseball (MLB) teams, Linda began helping players navigate the challenges that come from acculturation and

For the first time ever, she shares the secret of successful adjustments from within the closely guarded world of professional baseball. As a special bonus, the reader will have the opportunity to learn more about their own adjustment pattern tendencies through the Adjustment Awareness Audit, derived from the test used inside the MLB draft. Loaded with examples from Linda ' s experiences as an MLB consultant and education coach, as well as her work in the corporate world and insight as a parent, Million Dollar Adjustments shows readers the difference between passive learning and active executing—allowing them to gain the confidence to make bolder steps in life

I'm Rebecca Hamilton, the founder and owner of a million-dollar bakery called Chick Boss Cake, the #1 bakery and dessert spot that all the locals in southwestern Ontario are obsessed with. I know what you're thinking: she must be highly educated with some kind of fancy business or baking diploma. Well, I'm not. Sorry to burst your idyllic bubble, but if I did happen to be armed with the "proper" education or "ideal" upbringing, I wouldn't be writing this book because, well... that never makes for a great story now does it? in Baroque. Nah, the best success stories come from someone like me. Allow me to explain... I dropped out of high school at the age of sixteen to move out with my (then) boyfriend. I never set foot in a college or university unless it was to attend a party when I was (very) underage. I got stuck in several unhealthy and abusive relationships and found myself in plenty of "what the fuck?" situations along the way. I'm here to keep it real and share my personal story of how I built a million-dollar bakery business from nothing but pure grit and tenacity when no one else believed in me. Let's be real: If I can create this much success with a little bakery in small-

It's for the wife who pursued a career that society made her feel was the only respectable option. It's for the girl who settled down too soon instead of chasing her wild and crazy dreams that everyone laughed at. It's for the entrepreneur-at-heart who shows up every day to their soul-crushing 9-5 job feeling unfulfilled instead of pursuing their passion and igniting the fire within.
