And The Anthropocene Contemporary**

This book brings the field of tourism into dialogue with what is captured under the varied notions of the Anthropocene. It explores issues and challenges which the Anthropocene may pose for tourism, and it offers significant insights into how it might reframe conceptual and empirical undertakings in tourism research.

Tourism and the Anthropocene  
this context, tourism has been singled out as a global industry that is driven by neoliberal economic principles and is inevitably intertwined in the production of the Anthropocene. At the same time, tourism has been adopted also as part of environmental governance and management, aiming for a more sustainable economy. Based on the idea that
