Portrait of Père Tanguy, painted by Vincent van Gogh in 1887, is one of three paintings of Julien Tanguy. The three works demonstrate a progression in Van Gogh's artistic style since arriving in Paris. The first painting is somber and the composition is simple. In the second painting Van Gogh introduces his Japanese prints.

This article refers to portraits of Vincent Van Gogh. It includes self-portraits, portraits of him by other artists, and photographs, one of which is dubious. Van Gogh's dozens of self-portraits were an important part of his oeuvre as a painter. Most probably, van Gogh's self-portraits are depicting the face as it appeared in the mirror he used to reproduce his face, i.e. his right side in the image is in reality the left side of his face.

recovering at the hospital and before his return home in January, Van Gogh had become friendly with Pastor Salles and an intern, Dr Felix Reg. The two men would stay loyal to Van Gogh and help him in the troubled months that lay ahead. The artist's other true friend in the village of Arles was the postman Roulin, who kept in touch with Theo and advised him of Van Gogh's progress.
