A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

In contemporary economies, businesses must consistently make strides to remain competitive and profitable at both national and international levels. Unlike in the developed world, corporations in developing nations face a different set of challenges for achieving growth. Multinational Enterprise Management Strategies in Developing Countries is an authoritative reference source for the latest scholarly research on diverse opportunities and obstacles facing multinational corporations in emerging economies. Highlighting innovative perspectives and real-world examples, this book is ideally designed for researchers, practitioners, upper-level students, and industry professionals interested in management approaches for achieving success in international corporations.
