Wild Place Project is a wildlife conservation park in South Gloucestershire, United Kingdom. It is run by the Bristol Zoological Society and is the sister site of Bristol Zoo. The Park has been designed to link specific ecosystems and conservation programmes across the world, and was originally intended to be split into biomes, representing species found only in specific habitats. Current areas include: Secret Congo, British Ancient woodland, Edge of Africa and Madagascar. The species list curre

A History of Priest Lake, Idaho. Kris Runberg Smith with Tom Weitz. \$27.95. A wide cast of homesteaders, prospectors, speculators, and loggers--all dazzled by its natural resources, tried their best to tame Idaho's Priest Lake. Despite their efforts, it has remained a wild place, and today, every privately-owned acre and lot represents past optimism, opportunity, hard work, greed, or politics.

Wild Discoveries at Wild Place Project - Visit Bristol

As members of Wild Place, we were really impressed with the COVID measures introduced like the one way system which is there to protect visitors. We spent an enjoyable afternoon outdoors with our family and loved the wide open spaces, wolverines and lynx kittens. I felt compelled to write this review after seeing some negative ones.
